> Standard Electromagnetic Locks

EM Comfort Line

Smart and Economic Security

EM Comfort Line (EMC) offers simple and economical locking solution for security access control systems. All locks are fail safe mode, meaning that in the case of power failure the doors will release ensuring effective emergency exit. Available in all standard holding force fulfilling the majority of security demands.

Benefits

- Easy installation with adjustable mounting plate
- Low energy consumption
- No residual magnetism via anti-residual device
- 200.000 test cycles
- Medium corrosion resistance: grade 2 according to EN1670 (salt spray tested to 48 hours)
- 2-year warranty
- RoHS and CE certification

| Туре | Features | | | | | Door Type | | | |
|----------------|---------------|--------------|-----------------------|--------------------------|------------------|---------------------------------|-------------------|------------------|----------------|
| | | | | | | Single-/ Doubleleaf doors | Outswing doors | Inswing doors | Glass doors |
| | Holding force | Installation | Voltage 12/24 V DC | Lock status sensor | LED green/red | | L-bracket | L+Z bracket | U-bracket |
| EMC 400 AH | 1179 N | Surface | • | ٠ | - | Single | • | • | • |
| EMC 600 ALH | 2668 N | Surface | • | • | • | Single | • | • | • |
| EMC 600 AM | 2668 N | Mortise | • | • | - | Single | - | - | - |
| EMC 1200 ALH | 5337 N | Surface | • | • | • | Single | • | • | - |
| EMC 600-2 ALH | 2668 N x 2 | Surface | • | • | • | Double | • | • | - |
| EMC 1200-2 ALH | 5337 N x 2 | Surface | • | ٠ | ٠ | Double | • | • | _ |

• yes – no

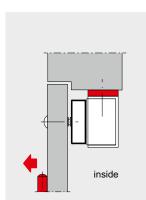

Note: The holding force on the door is dependent on the specific type of installation.

Article designations, abbreviations

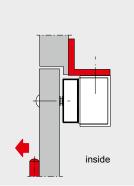

The article designation indicates the holding force and the characteristics of the lock magnets, e.g. EMC 600 ALH = 600 lbf holding force (EMC 600-2 ALH = 2x 600 lbf holding force) with lock status sensor (A) and status LED (L), designed for surface mounting (H). A = Lock Status Sensor A bond sensor will initiate an LED to inform locally or report remotely of lock status (locked or unlocked). L = LED

Red/ green LED indication of lock status (red= locked, green=unlocked) H = Surface-mounted M = Mortise-mounted 2= double lock

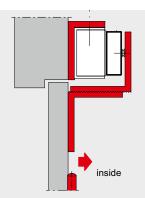

Regular installation

L-bracket for narrow door frame

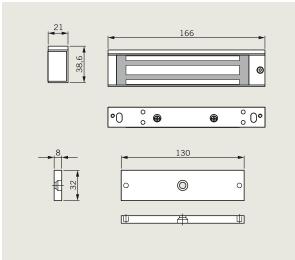

L+Z bracket for inswing doors

U-bracket for frameless glass doors
